COMPUTER SKILLS

Office software / Word Processing

Although my preferred office suite is **OpenOffice.org**, I am very proficient in **Microsoft Excel**. I use this program in order to use the **VBA** (Visual Basic Application). I am self-taught in **LaTeX** which I use to type reports containing mathematical formulae or extensive diagrams / charts.

Statistical

I am fluent in **R / S Plus** and **Minitab**, since we extensively used these programs as part of my degree. I self-taught myself a working knowledge of **SPSS**.

Internet

I am currently learning the **HTML** language which I used to create the website referenced above. After becoming more comfortable with HTML and **CSS** I intend to look into **Visual Basic .NET** and **Javascript**.
